ABOUT ME

A highly motivated and results-driven Software Engineer with four years of professional experience in iOS development. Holding a Bachelor's degree in Computer Science and Engineering, my passion lies in developing intuitive, robust, and user-friendly mobile applications. With strong problem-solving skills, a comprehensive understanding of iOS development principles, and a dedication to continuous learning, I am positioned to make an impactful contribution. I actively seek opportunities to contribute to forward-thinking projects and am keen to broaden my skill set to encompass additional mobile technologies, such as Native Android and Flutter.

WORK EXPERIENCE

SOFTWARE ENGINEER – STAR CONNECT GLOBAL PTY LTD – 1 Aug 2025 – Current – DHAKA, BANGLADESH

- **Core Architecture & UI:** Developed the app using **Swift** and **SwiftUI**, translating design prototypes from **Figma** into a clean, fluid user interface.
- **Real-Time Communication:** Integrated **Agora SDK** for high-priority video calling and **Pusher (WebSockets)** to power responsive, live messaging.
- **Notifications & Call Handling:** Implemented robust background handling and calling features using **Apple PushKit**, **APNs**, and **Firebase Cloud Messaging (FCM)**.
- **API Integration:** Managed seamless backend communication and API testing via **Postman** and **Hoppscotch**.
- **App Management:** Handled environment configurations using **Firebase Remote Config**, tracked stability via **Crashlytics**, managed build environments using **Xcode Schemes**, and maintained the repository with **GitHub**.
- **Modern Workflow:** Leveraged AI-driven development via **Claude Code** to accelerate coding efficiency and code quality.

SOFTWARE ENGINEER – SOFTZINO TECHNOLOGIES LTD. – 1 Nov 2022 – 30 Jun 2025 – DHAKA, BANGLADESH

- **End-to-End iOS Development:** Architect and build clean, modular, and efficient iOS applications using Swift, following design patterns and best practices.
- **UI/UX & Accessibility Execution:** Translate design specifications into intuitive user interfaces, fluid animations, and interactive experiences that strictly adhere to Apple's HIG and Accessibility Guidelines.
- **Full-Lifecycle Testing & Debugging:** Conduct rigorous testing and debugging to ensure optimal performance, device compatibility, and a seamless experience across various iOS versions.
- **Secure API Integration:** Connect mobile apps with backend services and APIs—expertly managing data exchange, authentication, error handling, and security protocols like SSL pinning.
- **Cross-Functional Collaboration & Git Workflow:** Partner with designers, PMs, and engineering teams to refine requirements, while utilizing Git for robust version control and seamless code collaboration.
- **Deployment, Support & Compliance:** Maintain and support deployed applications by addressing user feedback, releasing updates, and ensuring strict compliance with data privacy and device security (e.g. jailbreak detection).
- **Technical Documentation & Innovation:** Write comprehensive documentation for code and APIs to streamline team collaboration, while continuously adopting the latest iOS trends and tools to optimize development.
